PROFESSIONAL EXPERIENCE

Accenture, Learning to Lead (L2L) Intern

June 2021 – August 2021

- Partnered with colleagues nationwide to develop a collaborative project addressing a societal crisis.
- Utilized skills acquired during L2L to develop a personal capstone project to enhance employee satisfaction and reduce turnover rates.
- Completed a 6-week survey course focused on introducing the professional culture of global business and topics, skills, and issues that define the future of work.
- Enhanced personal development skills in active listening, emotional intelligence, time management, and storytelling through regular meetings with supervisor and collaborative group projects.

Projects

Basketball Team Management Systems, Participant of a team of 5

October 2024

- Collect, organize, and analyze large datasets related to player performance, game statistics, and team records to identify trends and insights.
- Design and implement relational database schemas (3NF) and develop Entity-Relationship Diagrams (ERDs) to optimize data storage and retrieval.
- Write and execute SQL queries and create Power BI dashboards to provide data-driven recommendations for performance improvement and strategic decision-making.

Retail Analytics, Participant of a team of 4

September 2022

- Collect, clean, and preprocess large datasets from retail sales transactions, ensuring data accuracy and consistency using Excel.
- Analyze sales trends, product performance, and customer segmentation using SQL, Power BI, and Tableau to generate data-driven insights.
- Develop interactive dashboards and visualizations to communicate findings and provide actionable recommendations for sales optimization and inventory management.

Organizations

Sigma Gamma Rho Sorority, Inc., Vice President

December 2024-Present

- Develop and implement strategic initiatives to enhance engagement, retention, and operational efficiency, ensuring compliance with policies and procedures.
- Lead and coordinate meetings, manage special projects, and collaborate with cross-functional teams to drive data-driven decision-making and process improvements.
- Oversee data tracking and reporting for membership processes, ensuring accuracy, compliance, and efficiency in onboarding and retention efforts.
